Hello,

I am writing to express my support of the amendments to RPC 1.15A, providing further clarification on IOLTA funds. I believe this will not only help establish a more uniform system for dealing with funds that do not independently generate interest, and at the same time will help bolster the desperately need resources available for legal representation of the low-income communities in civil matters in Washington State.

Thanks for your work on this important matter.

Sincerely,

Matt Adams
